

NEW FEATURES IN VERSION 18

PRESENTED BY:

JENNIFER KING

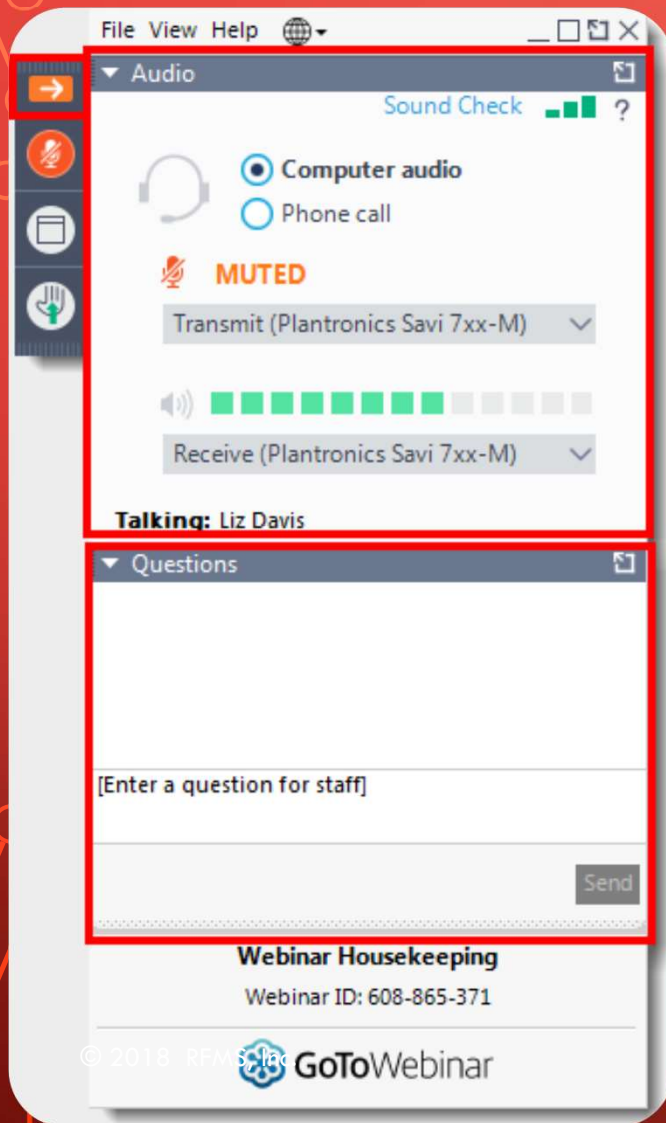

JKING@RFMS.COM

800-701-7367 X 3315

The webinar will begin shortly... Thank you for attending!

How to Participate in today's Webinar

Open and close your control panel by clicking the orange arrow.

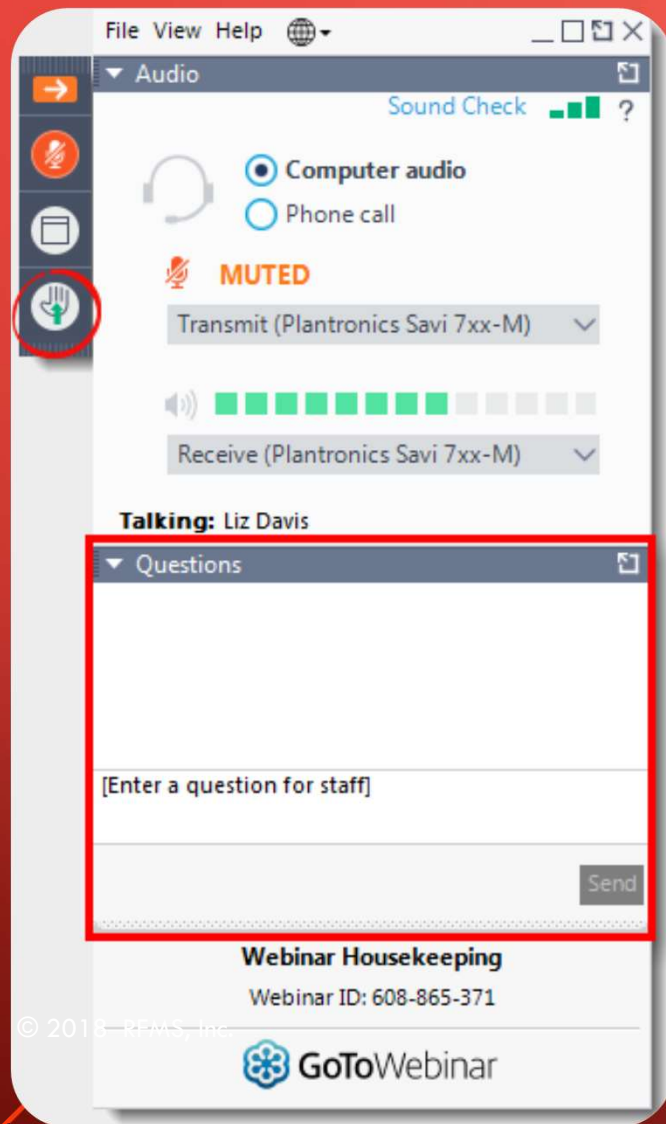

Join audio:

- Choose Computer and then select your **Mic & Speakers** to use VoIP
- Choose **Telephone** and dial in using the information provided

Note: Today's presentation is being recorded and will be provided within 48 hours. It will also be posted on our Support Website under Videos & Webinars.

Time for Questions!

(Use hands for unmuting!)

- Please use the Questions panel to submit your text questions and comments during the presentation. We have panelists on the call who will answer your questions.
- At the end of the presentation, if time permits, we will open the webinar for verbal questions. At this time, please raise your hand to be unmuted.

COMMUNITY

- The RFMS Community is our latest addition to the Support site designed to bring our RFMS users together and facilitate suggestions to enhance RFMS
- This is where you can make program suggestions, review suggestions others have made and vote those ideas up or down – when voting, we appreciate a comment to support your vote
- To ensure your suggestion is seen by the development team, using the format provided in this Program Suggestion article is recommended.
<https://rfmsinc.zendesk.com/hc/en-us/articles/360002448313-Program-Suggestions>

VERSION 18

- So many new features packed into this update
- Many of them are small but even small changes can add efficiencies that can dramatically increase productivity
- Please review your update document

SYSTEM WIDE

- Users can be added manually to allow for system options to be applied to *Mobile only* users
- Interface Mode adds the ability to make fields required, editable or hidden – see tomorrow's webinar on this topic for more details
- PDF's will now save to *My Documents\RFMS_PDF* as a default if no option to specify location is presented
